

2021

IMPACT REPORT

Junior
Achievement®
of South Dakota

In 2021, all of us at Junior Achievement felt the importance and relevance of our student experiences more than ever. In a time when students were not able to easily connect with their community, JA brought volunteers into schools virtually to ensure students had the chance to meet and learn from someone they may have never met otherwise.

Students learn the core competencies of work and career awareness, entrepreneurial mindset, and financial decision-making during their JA experiences, but most of all, they feel connected to their community and encouraged to make South Dakota their home after graduation. Today's students are tomorrow's leaders. And the future is bright.

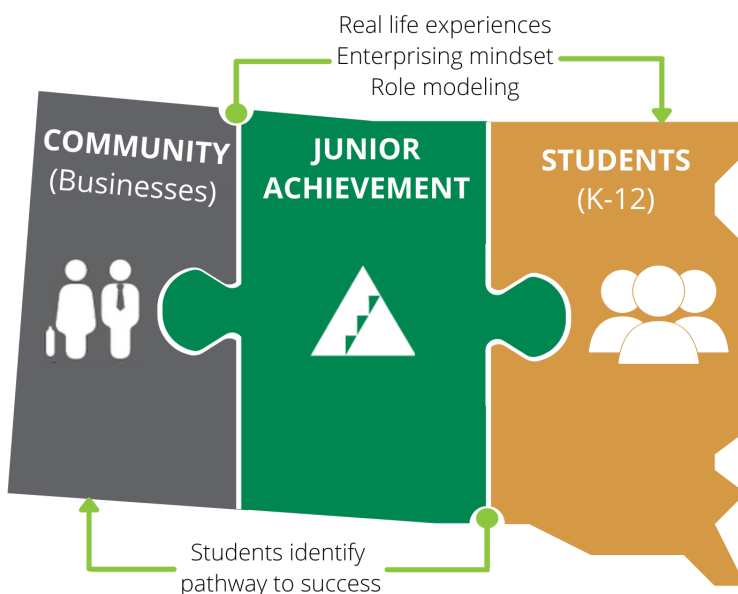

Thank you for your support to Inspire Tomorrows.

Student Impact Highlights

- More than 38,000 students from 42 South Dakota communities received a JA experience during the 2020-21 school year!
- Students from O'Gorman High School in Sioux Falls earned 2nd Place in the national, virtual Stock Market Challenge competition!

38,368 STUDENTS
