To Our Valued **INVESTORS & FRIENDS**

Thanks to your generous support, Junior Achievement of South Dakota is celebrating another year of student impact growth! During the 2015-16 school year, 51,498 students received JA experiences from committed and enthusiastic volunteers.

For many of our students, the topics of money, careers, business ownership, and ethics are not discussed around the dinner table at home. It is up to our educators and JA's dedicated volunteers to ensure our students have the knowledge they need to graduate, secure a job, and flourish in their chosen careers. JA volunteers help students understand that they can change the trajectory of their lives – and help turn “I can’t” into “I can”. Every student can be successful in work and in life if they put their minds to it, work hard, and obtain the education and training necessary to secure their dream job. Junior Achievement is proud to be a part of their educational experience.

As you know, South Dakota's economy is greatly impacted by the success of our small businesses. JA volunteers, using proven materials and instruction methods, encourage our students to develop their entrepreneurial thinking and understand that innovation and teamwork are necessary in every profession. JA students also understand the importance of arriving to work on time and collaborating with a team, which will make them better employees and business owners in the future.

We are grateful for your continued support of our programs and our students. We are working toward some large, impact-focused goals, and with your support, we can impact even more students with these life-changing programs. Now more than ever, our students need to have a working knowledge of money, careers, business ownership, and ethics. Our students are the future leaders of South Dakota, and it is up to us to ensure they have the skills they need to succeed.

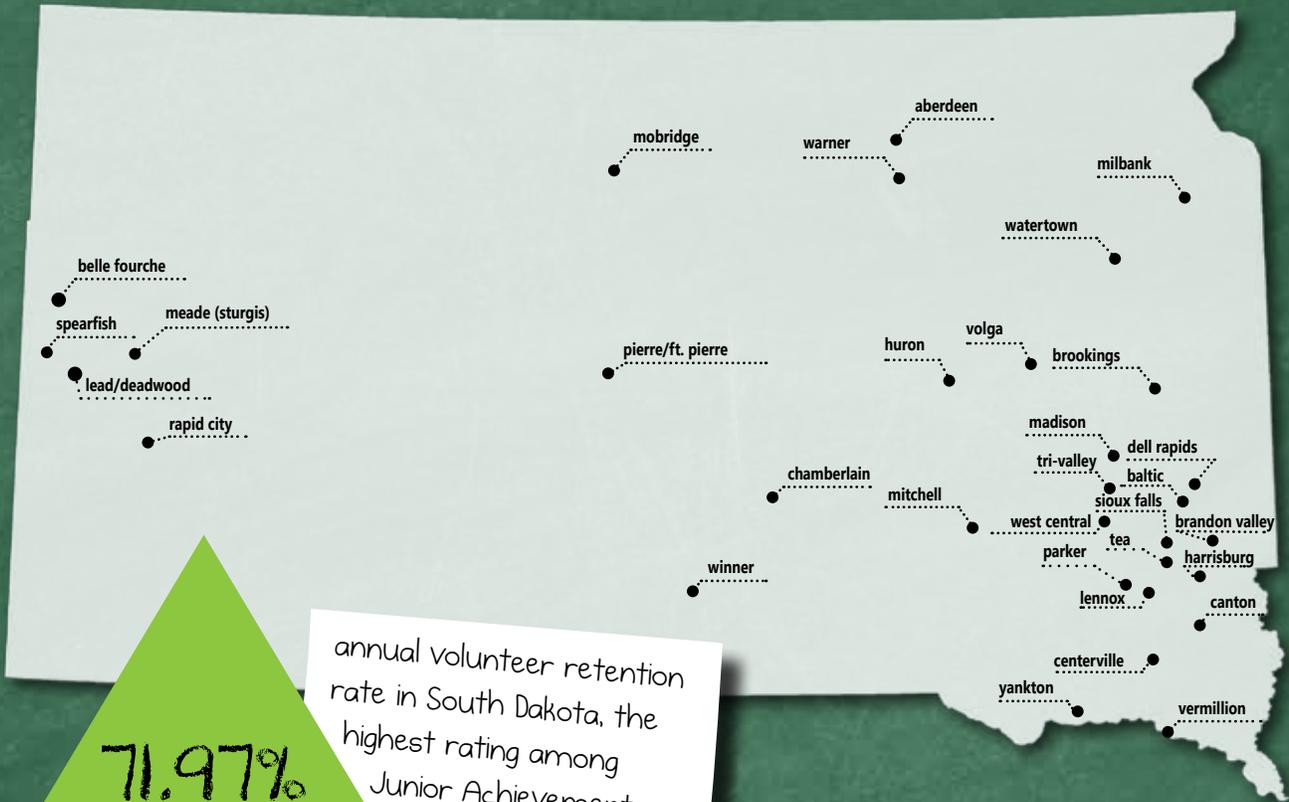

Jacquelyn Johnson,
State Board Chair
JA of South Dakota

Kayla Eitreim,
President
JA of South Dakota

Junior Achievement of South Dakota would like to recognize Avera and the Ramkota Companies, Inc. for their generous in-kind donations to prepare and print this annual report.

51,498 STUDENTS

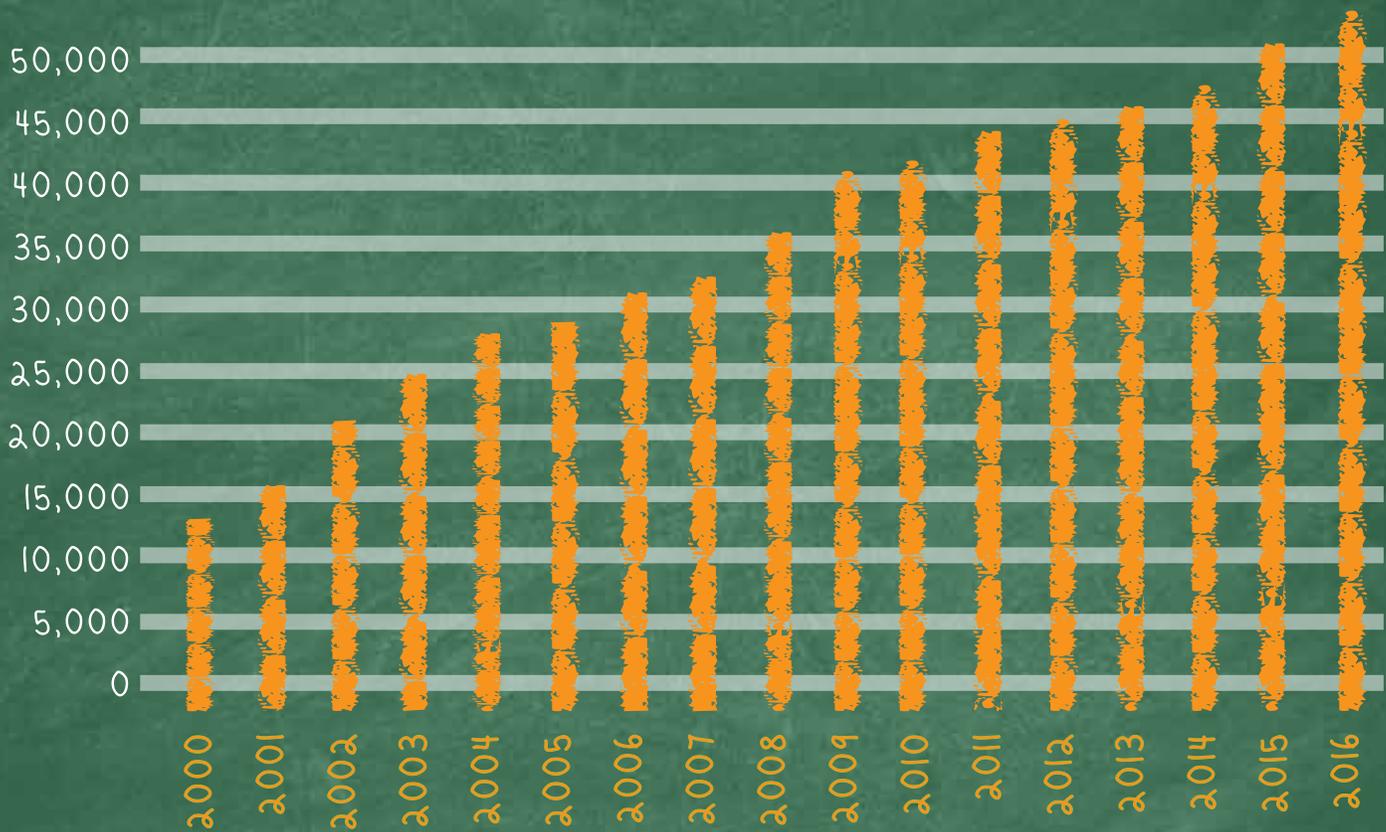

71.97%

annual volunteer retention rate in South Dakota, the highest rating among Junior Achievement offices in the USA. Nationally, the average JA volunteer retention rate is 30.98%.

32.92%

of South Dakota students receive Junior Achievement programs. Nationally, Junior Achievement of South Dakota ranks fifth out of 112 JA offices for student market share. The JA national average market share is 9.01%.

Students Empowered

This chart reflects the number of students who have been impacted by Junior Achievement of SD since 2000.

Pillars OF SUCCESS

JA programs center around

Three main pillars:

- Entrepreneurship
- Financial Literacy
- Career and Work Readiness

2,235

volunteers visited
classrooms during
the 2015-16 school
year!

JA Pillars signify a program's primary focus, however; each JA program is developed to include all three pillars.

JA EXCELLING THROUGH ETHICS

Over 300 executive-level volunteers visited classrooms to present the JA Excelling through Ethics program during the 2015-16 year. The initiative behind the program is to teach students what ethics means, to show why ethics is important, and to help youth build an ethical foundation. The program was implemented in 27 communities across the state and impacted over 7,900 South Dakota middle and high school students.

JA VOLUNTEERS

come from all walks of life, representing a variety of interests and skills. JA encourages volunteers to teach a program that aligns with their areas of interest.

Why **VOLUNTEER?**

Volunteers play a key role in bringing Junior Achievement to life. By sharing their personal and professional experiences and skills with students, they help them make the connection between what students are learning in school and what they will need to succeed in work and life.

Junior Achievement makes volunteering fulfilling and offers flexible scheduling options. Our curriculum provides everything needed to make participation in JA interactive and engaging for students.

In as little as an hour a week, you can make a difference in the lives of young people. Your Junior Achievement experience will leave you feeling proud, energized, and hopeful about a better future for our young people.

Thank You!

Over 2,200 volunteers made a difference by teaching JA programs in classrooms this year. To see the list of volunteers or to become a volunteer this school year, visit www.jasd.org.

BENEFITS TO STUDENTS:

- Shows importance of staying in school
- Showcases community role models
- Encourages career exploration
- Stimulates interest in business and education

VOLUNTEERS COMMIT TO:

- Attend a training session
- Teach five to thirteen one-hour sessions with pre-developed JA materials and hands-on activities
- Encourage student success by sharing real-world experiences
